SJÖSTRÖM "NEW LIFE" LIBRARY FURNITURE

25 July 1956

Miss Marjorie Ferris, Librarian
Wayland Free Public Library
Wayland, Massachusetts

Dear Miss Ferris:

Thank you for your letter of the 23rd. At the moment, except on special orders and orders on hand, the factory has discontinued the manufacture of oak furniture. They will manufacture it on special order at an additional 10% charge. I'm glad we got the charge desk under the wire.

Therefore the chair prices I gave you are for maple only, finished to match your desk. I think oak chairs would take a long time to get, unless one happened to be on hand unfinished. I could check this when you are ready.

The book truck in maple, finished to match your desk, would be \$84.00 delivered, or \$97.90 on special order in oak. One of our standard maple finished would be \$79.50 delivered.

Sincerely yours,

A. B. STANLEY COMPANY, INC.

Rachel P. Hooper

truck 84.00
steel 59.50
143.50

Adults

- 4 - #122 initial units, 6'10" high, 10" deep
- 11 - #123 additional units, 6'10" high, 10" deep
- 1 - #124C initial unit, 6'10" high, to contain magazine insert with bulletin board.
- 1 - #125C additional unit, 6'10", to contain newspaper insert with bulletin board.

We can furnish this shelving of northern hard maple, finished in color of your selection, truck freight included, for the total net sum of \$1,995.00.

If you wish to have flush ply panel backs 3/8" thick properly cut to size and finished to match shelving or painted in pastel shade of your selection kindly add the sum of \$475.00.

Delivery could be made in 5-6 weeks after receipt of order with approved finish color.

We propose to furnish the additional items of library furniture shown on the plan for the total net sum of \$2,065.00 truck freight included. The items consist of:

	<u>Catalog Page</u>
1 - #150M librarian desk	27
1 - #164C swivel chair	24, 25
3 - #114b 42" juvenile round tables	22
8 - #164 juvenile chairs	24
1 - #117 sloped top table with one #118 bench	23
1 - #181 dictionary stand	19
1 - #178 display rack	20
3 - #110NA 60" rectangular tables	27
12 - #164 reading chairs	24
1 - #173 book truck	20
1 - #191-15A card catalog assembly (steel file)	29

A saving in the vicinity of \$225.00 could be made if it would be possible to consider the use of the #182 desk instead of the #150M. The use of this #182 desk would perhaps afford enough filing space in the lower drawer to eliminate the #191-15A card catalog assembly. If this could be done, perhaps a smaller #191-9 catalog file as shown on page 9 could then be used on a leg base.

We would also offer two #5071 Herman Miller foam rubber cushion lounge chairs and one #4750 end table as illustrated, at a total cost of \$285.00.

Adjust

- A - #122 initial unit, 6'10" high, 10" deep
- II - #123 additional unit, 6'10" high, 10" deep
- I - #124C initial unit, 6'10" high, to contain magazine insert with Bulletin board.
- I - #125C additional unit, 6'10", to contain newspaper insert with Bulletin board.

We can furnish this shelving of northern hard maple, finished in color of your selection, truck freight included, for the total net sum of \$1,995.00.

If you wish to have glass fly panel backs 3/8" thick properly cut to size and finished to match shelving or stained in pastel shade of your selection kindly add the sum of \$275.00.

Delivery could be made in 2-3 weeks after receipt of order with approved finish color.

We propose to furnish the additional items of library furniture shown on the plan for the total net sum of \$2,065.00 truck freight included. The items consist of:

Library Plan

1	-	#120M library desk	27
1	-	#124C wheel chair	24.25
3	-	#124B 12" juvenile round tables	32
8	-	#124 juvenile chairs	24
1	-	#124 sloped top table with one #128 bench	23
1	-	#124 dictionary stand	10
1	-	#124 display rack	20
1	-	#120M 60" rectangular table	27
12	-	#124 reading chairs	24
1	-	#124 book rack	20
1	-	#124-124 card catalog	
20	-	assembly (steel pipe)	

A seating in the vicinity of \$255.00 could be made if it could be possible to consider the use of the #124 desk instead of the #120M. The use of this #124 desk would perhaps allow enough sitting space in the lower drive to eliminate the #124-124 card catalog assembly. If this could be done, perhaps a smaller #124-124 catalog like as shown on page 2 could then be used on a leg base.

We would also offer two #120M Herman Miller four rubber cushion lounge chairs and one #124C and table as illustrated, at a total cost of \$205.00.

Thank you for this opportunity to quote on your requirements.

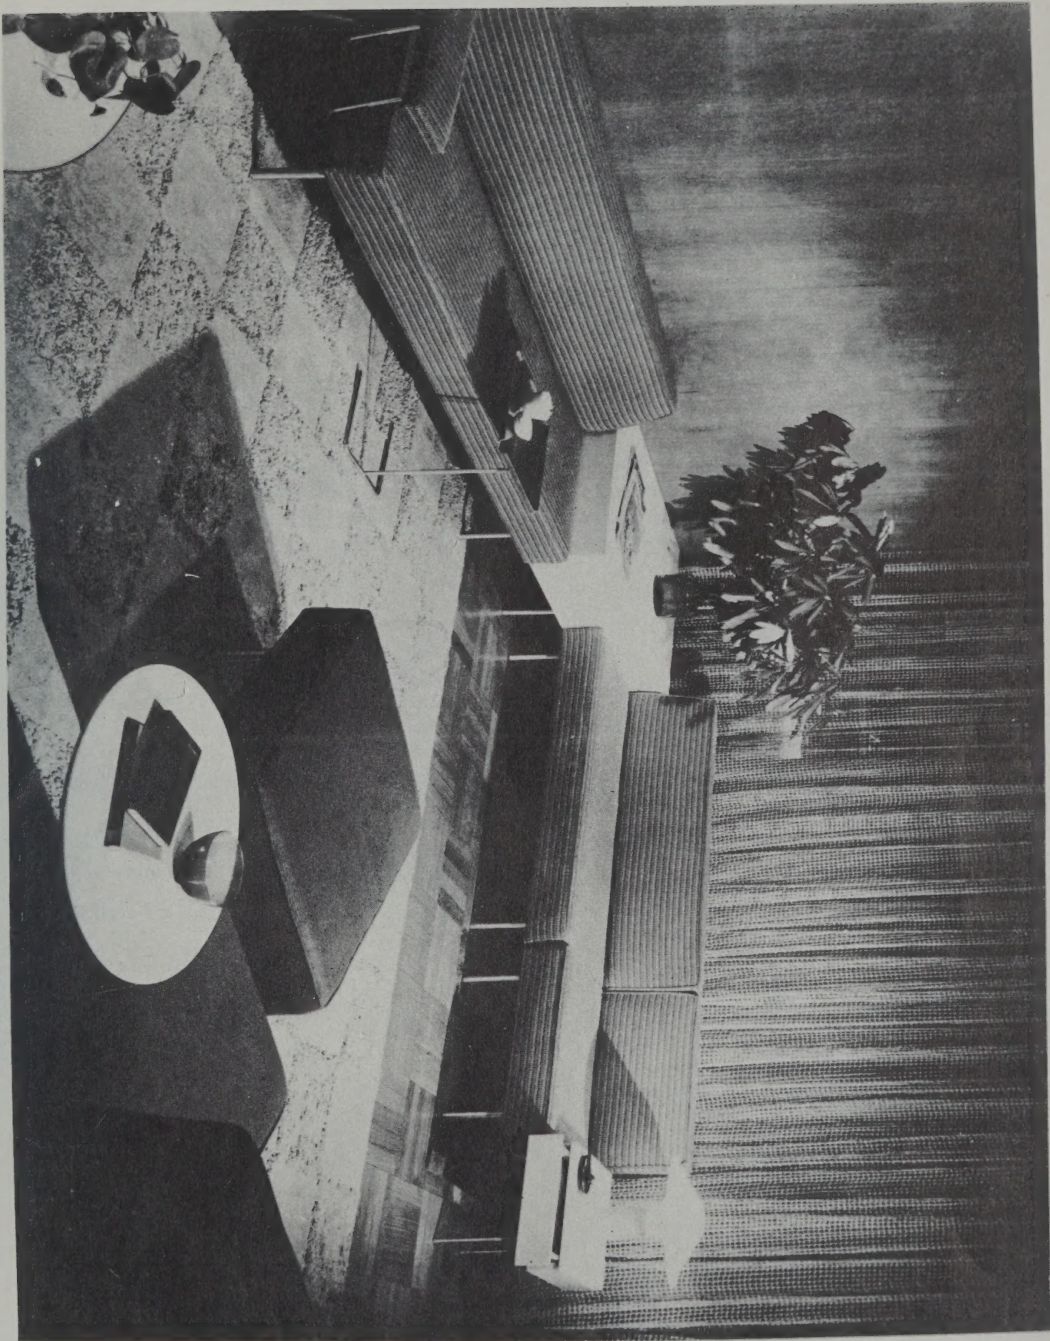

Sincerely yours,

A. B. STANLEY COMPANY, INC.

MEMORANDUM

TO: WAYLAND PUBLIC LIBRARY

An alternate suggestion for your charging desk would be to have four units with overall length of approximately 106". This would include the following units of oak finished in color to match your woodwork and modified as noted:

- 2 #151 end panels
- 1 #156 with eight catalog trays
- 1 #158A with electric receptacle
- 1 #152 with either straight or sloped front
- 1 #155 storage cabinet

Cost set in place ready for use \$975.00

Miss Marjorie Ferris, Librarian
Wayland Public Library
Wayland, Massachusetts

Dear Miss Ferris:

Thank you very much for your order for the cornice unit
and 15-drawer unit card catalog at \$175.00.

We have entered this to be finished in the Morgan gray shade
(our #868) and shipment will be made as soon as possible to
the Cochituate Branch.

Sincerely,

A. B. STANLEY COMPANY, INC.
